

# “Cone Swap” Challenge

## Objective:

This is a timed event. The goal of this challenge is to move from one shooting position to the next while swapping marking cones. There will be one green marking cone on top of the large orange traffic cone at the 15-yard line and one green marking cone on top of the large orange traffic cone at the 20-yard line. Starting at the 50-yard line, when the competitor is staged and ready (PCC loaded and slung), they will check with the timekeeper and make sure the timekeeper is ready. Once the timekeeper is set, the competitor will say “standby...GO” and begin the drill (time starts on GO). The competitor will run to the 15-yard line and retrieve the green marking cone that sits on top of the orange traffic cone. The competitor will run to the orange traffic cone at the 30-yard line and place the green marking cone on top of that one. The competitor will engage the silhouette steel target (pink) with 1 round. The bolt should lock to the rear following that shot, at which point the competitor will perform a combat reload and run to the 20-yard line, where they will engage the 8” steel target (orange) with 1 round and the 8” steel target (blue) with 1 round. The bolt should lock to the rear following that shot, at which point the competitor will perform a combat reload and retrieve the green marking cone from on top of that orange traffic cone. The competitor will run to the orange traffic cone at the 25-yard line and place the green marking cone on top of that one. The competitor will engage the 10” steel target (green) with 1 round and the 10” steel target (purple) with 1 round. The time stops once the competitor gets a hit (ding) on their last target. To successfully pass this challenge, the competitor and the challenger(s) must complete the tasks in the allotted time frame.
