

“Crumbles” Challenge

Objective:

This is a timed event. The goal of this challenge is to not only be accurate under the pressure of a time crunch, but to add additional stress by rebuilding your firearm. Before starting this challenge at the 30-yard line, the competitor will unload their PCC and show clear. They will then disassemble their PCC into a field strip configuration specific for that particular PCC (upper receiver, lower receiver, bolt, etc.). They will place the parts onto the ground (the use of a mat is optional), along with 1 filled magazine (5 rounds). Once the competitor is staged and ready, they will check with the timekeeper and make sure they are ready. Once the timekeeper is set, the competitor will say “standby...GO” and begin the drill by reassembling their PCC. Once done, they will chamber a round and engage the 8” steel target (blue), 8” steel target (orange), 10” steel target (purple), 10” steel target (green) and the silhouette steel target (pink) all with 1 round each. The time stops once the competitor gets a hit (ding) on their last target. To successfully pass this challenge, the competitor and the challenger(s) must complete the tasks in the allotted time frame.

Tasks:

Properly assembling their PCC, hits (dings) on target, and beat the clock

Distance:

Stationary, 30-yard line

Loadout:

5 rounds total: 1 magazine with 5 live rounds

Time:

55 seconds

Targets:

- 1: 8” steel plate (blue)
- 2: 8” steel plate (orange)
- 3: 10” steel plate (purple)
- 4: 10” steel plate (green)
- 5: Silhouette steel plate (pink)

Skills Strengthened:

Problem solving and performance under stress
