

“Elevator Down” Challenge

Objective:

This is a timed event. The goal of this challenge is to successfully engage targets while changing your elevation. Once the competitor is staged and ready at the 20-yard line (PCC loaded and at the low ready position), they will check with the timekeeper and make sure they are ready. Once the timekeeper is set, the competitor will say “standby...GO” and begin the drill from the low ready (time starts on GO). While standing, the competitor will engage the 8” steel target (blue) and the 8” steel target (orange) with 1 round each, then go to a kneeling position (1 or 2 knees) and engage the 10” steel target (purple) and the 10” steel target (green) with 1 round each, then go to the prone position and engage the silhouette steel target (pink) with 1 round. The time stops once the competitor gets a hit (ding) on their last target. To successfully pass this challenge, the competitor and the challenger(s) must complete the tasks in the allotted time frame.
