

“Key Party” Challenge

Objective:

This is a timed event. The goal of this challenge is to work through different shooting positions. Once the competitor is staged and ready at the 20-yard line (PCC loaded and at the low ready position), they will check with the timekeeper and make sure they are ready. Once the timekeeper is set, the competitor will say “standby...GO” and begin the drill from the low ready (time starts on GO). The competitor will bring their PCC to the on-gun position and engage the 8” steel target (orange) with one round using both hands, then engage the 10” steel target (purple) with one round using their strong hand only. The competitor will then turn their PCC upside down and engage the silhouette steel target (pink) with one round using a two-handed grip. The competitor will then engage the 8” steel target (blue) with one round using their support hand only, then engage the 10” steel target (green) using both hands. The time stops once the competitor gets a hit (ding) on their last target. To successfully pass this challenge, the competitor and the challenger(s) must complete the tasks in the allotted time frame.

IMPORTANT: *If the shooter is right-handed, they will engage the targets working left to right. If the shooter is left-handed, they will engage the targets working right to left. The purpose of this is to cause more difficulty because of cross body target engagements. Although targets might be worked in a different order, the hand positions will be the same.*

Tasks:

One handed shooting (strong and support), shooting the PCC upside down, hit (ding) on each target, and beat the clock

Distance:

Stationary, 20-yard line

Loadout:

5 rounds total: 1 magazine with 5 live rounds

Time:

55 seconds

Targets:

- 1: 8” steel plate (orange)
- 2: 10” steel plate (purple)
- 3: Silhouette steel plate (pink)
- 4: 8” steel plate (blue)
- 5: 10” steel plate (green)

Skills Strengthened:

Strong hand only engagements, support hand only engagements, and sight alignment
