

“New Girlfriend” Challenge

Objective:

This is a timed event. The goal of this challenge is to quickly react to an unanticipated change in the environment and place a round on target accurately. Once the competitor is staged and ready at the 30-yard line (PCC loaded and slung), they will check with the timekeeper and make sure they are ready. Once the timekeeper is set, the timekeeper will place an improvised blindfold (of any type, as long as it can be removed quickly) on the face of the competitor. The timekeeper spins the shooter slow enough so as not to induce dizziness but fast enough to render the shooter unsure of their orientation. At the timekeeper’s discretion, the timekeeper stops the shooter from spinning and yells “Go!” (time starts on GO). The shooter pulls the blindfold off, orients themselves to the targets and engages the silhouette steel target (pink), 10” steel plate (green), 10” steel plate (purple), 8” steel plate (orange), and the 8” steel plate (blue) all with one round each. The time stops once the competitor gets a hit (ding) on their last target. To successfully pass this challenge, the competitor and the challenger(s) must complete the tasks in the allotted time frame.
