

# “Oh! A Piece of Candy! Mod. 2” Challenge

## Objective:

This is a timed event. The goal of this challenge is meant to focus on improving the challenger’s ability to favorably react to rapidly changing locations/tasks while under the threat of a time limit. Before starting this challenge, the competitor places a magazine and two loose rounds on the ground at the 20-yards line, 25-yards line, and 30-yard line. When the competitor is staged and ready at the 30-yard line (PCC unloaded and slung), the competitor will check with the timekeeper and make sure the timekeeper is ready. Once the timekeeper is set, the competitor will say “standby...GO” and begin the drill (time starts on GO). The competitor fills the magazine with the 4 loose rounds, loads and engages the silhouette steel target (pink) with 4 rounds. Following the fourth shot, the bolt should lock to the rear at which point the competitor will move to the 25-yard line, fill the magazine with 4 loose rounds, load and engage the 10” steel target (green) and the 10” steel target (purple) with 2 rounds each. Again, following the fourth shot, the bolt should lock to the rear at which point the competitor will move to the 20-yard line, fill the magazine with 4 loose rounds, load and engage the 8” steel target (orange) and the 8” steel target (blue) with 2 rounds each. The time stops once the competitor gets a hit (ding) on their last target. To successfully pass this challenge, the competitor and the challenger(s) must complete the tasks in the allotted time frame.
