

“Only the Strong Mod. 3” Challenge

Objective:

This is a timed event. The goal of this challenge is to quickly reload your PCC once it is empty using only your strong hand. Once the competitor is staged and ready at the 15-yard line (PCC loaded and at the low ready position), they will check with the timekeeper and make sure they are ready. Once the timekeeper is set, the competitor will say “standby...GO” and begin the drill from the low ready (time starts on GO). The competitor will bring their PCC to the on-gun position and engage the 8” steel plate (blue) and the 8” steel plate (orange) with 1 round each. The bolt should lock to the rear following the last shot, at which point the competitor will perform a combat reload using ONLY their strong hand. Following the reload the competitor will then engage the 10” steel plate (purple) and the 10” steel plate (green) with 1 round each. Again, the bolt should lock to the rear following the last shot, at which point the competitor will perform a combat reload using ONLY their strong hand. Following the reload the competitor will then engage the silhouette steel target (pink) with 1 round. The time stops once the competitor gets a hit (ding) on their last target.
