

“Prom Night Mod. 2” Challenge

Objective:

This is a timed event. The goal of this challenge is to introduce movement between shots while maintaining shot accountability with multiple targets and performing reloads. When the competitor is staged and ready at the 40-yard line (PCC loaded and at the low ready position), they will check with the timekeeper and make sure the timekeeper is ready. Once the timekeeper is set, the competitor will say “standby...GO” and begin the drill from the low ready (time starts on GO). The competitor will run from the 40-yard line to the 20-yard line. Once there, they will engage the 8” steel target (blue) and the 8” steel target (orange) with 1 round each. Following the second shot, the bolt should lock to the rear at which point the competitor will perform a combat reload and then run to the 25-yard line (PCC on safe and muzzle in a safe direction). Once there, the competitor will engage the 10” steel target (purple) and the 10” steel target (green) with 1 round each. Again, Following the second shot, the bolt should lock to the rear at which point the competitor will perform a combat reload and then run to the 30-yard line (PCC on safe and muzzle in a safe direction). Once there, the competitor will engage the silhouette steel target (pink) with 2 rounds. The time stops once the competitor gets a hit (ding) on their last target. To successfully pass this challenge, the competitor and the challenger(s) must complete the tasks in the allotted time frame.
