

“Simple Jack” Challenge

Objective:

This is a timed event. The goal of this challenge is to establish a baseline for accurate, repeatable, and recordable hits (dings) on all multiple targets. Once the competitor is staged and ready at the 15-yard line (PCC loaded and at the low ready position), they will check with the timekeeper and make sure they are ready. Once the timekeeper is set, the competitor will say “standby...GO” and begin the drill from the low ready (time starts on GO). The competitor will engage the 8” steel target (blue), the 8” steel target (orange), the 10” steel target (purple), the 10” steel target (green), and the silhouette steel target (pink) with 1 round each (working smallest to largest). The time stops once the competitor gets a hit (ding) on their last target. To successfully pass this challenge, the competitor and the challenger(s) must complete the tasks in the allotted time frame.

Tasks:

Target identification (working the targets in a specific order), hits (dings) on target, and beat the clock

Distance:

Stationary, 15-yard line

Loadout:
