

“Simple Jack” Challenge

Objective:

This is a timed event. The goal of this challenge is to establish a baseline for accurate, repeatable, and recordable hits (dings) on all multiple targets. Once the competitor is staged and ready at the 10-yard line (pistol loaded and holstered), they will check with the timekeeper and make sure they are ready. Once the timekeeper is set, the competitor will say “standby...GO” and begin the drill from the holster (time starts on GO). The competitor will draw their pistol from the holster and engage the 8” steel target (orange) with 1 round, 10” steel target (green) with 1 round, and the silhouette steel target (pink) with 1 round (working smallest to largest). The time stops once the competitor gets a hit (ding) on their last target. To successfully pass this challenge, the competitor and the challenger(s) must complete the tasks in the allotted time frame.
