

“That’s Goofy Mod. 3” Challenge

Objective:

This is a timed event. The goal of this challenge is to quickly reload your PCC once it is empty using your strong hand while your PCC is in your support hand. Once the competitor is staged and ready at the 25-yard line (PCC loaded and at the low ready position), they will check with the timekeeper and make sure they are ready. Once the timekeeper is set, the competitor will say “standby...GO” and begin the drill from the low ready, PCC in the support hand (time starts on GO). The competitor, using their support hand to shoot, will engage the 8” steel target (blue) and the 8” steel target (orange) with 1 round each. Following the second shot, the bolt should lock to the rear at which point the competitor will perform a combat reload using ONLY their strong hand to insert the magazine (DO NOT move the PCC from the support hand to the strong hand to do the reload) and engage the 10” steel target (purple) and the 10” steel target (green) with 1 round each. Following the second shot, the bolt should lock to the rear at which point the competitor will perform a combat reload using ONLY their strong hand to insert the magazine (DO NOT move the PCC from the support hand to the strong hand to do the reload) and engage the silhouette steel target (pink) with 2 rounds. The time stops once the competitor gets a hit (ding) on their last target. To successfully pass this challenge, the competitor and the challenger(s) must complete the tasks in the allotted time frame.

Tasks:

Support hand shooting, reloading, target identification, hits (dings) on target, and beat the clock

Distance:

Stationary, 25-yard line

Loadout:

6 rounds total: 3 magazines with 2 live rounds in each magazine

Time:

32 seconds

Targets:

- 1: 8” steel plate (blue)
- 2: 8” steel plate (orange)
- 3: 10” steel plate (purple)
- 4: 10” steel plate (green)
- 5: Silhouette steel plate (pink)

Skills Strengthened:

Support hand shooting, working multiple targets, problem solving, and combat reloads
