

# “That’s the Point” Challenge

## Objective:

This is not a timed event. The goal of this challenge is to be accurate using point shooting. Before starting this challenge, the competitor will unload their PCC and show clear. Using painters/masking tape, they will fully cover their iron sites and/or optic (red dot/reticle not visible). If the optic has covers, they can use those instead of tape. They will then move to the 15-yard line, face down range, load their PCC, and come to the low ready position. Once the competitor is ready, they will engage the silhouette steel target (pink) with 6 rounds at their own shooting pace. To successfully pass this challenge, the competitor and the challenger(s) must complete the exercises and tasks.
