

“Three Way” Challenge

Objective:

This is a timed event. The goal of this challenge is to work through different shooting positions. Once the competitor is staged and ready at the 15-yard line (pistol loaded and holstered), they will check with the timekeeper and make sure they are ready. Once the timekeeper is set, the competitor will say “standby...GO” and begin the drill from the holster (time starts on GO). The competitor will draw their pistol from the holster and engage the 8” steel target (orange) with one round using their strong hand only. The competitor will then turn their pistol upside down and engage the silhouette steel target (pink) with one round using a two-handed grip. The competitor will then engage the 10” steel target (green) with one round using their support hand only. The time stops once the competitor gets a hit (ding) on their last target. To successfully pass this challenge, the competitor and the challenger(s) must complete the tasks in the allotted time frame.

Tasks:

One handed shooting (strong and support), shooting the pistol upside down, hit (ding) on each target, and beat the clock
